Precinct Boundary Redistricting Guidelines (per Election Commission)

Precinct boundaries are not normally moved.

The Board of Election Commissioners has the authority to alter precinct boundaries.

Once the County Commission has completed redistricting work, SCEC will review precincts.

If Commission district changes demand a precinct adjustment, SCEC will alter as necessary to comply with the law.

The most likely action with precincts will be consolidation of as many precincts as possible.

Consolidation is restricted to not locating more than one County Commission or Senate district in a precinct.

Further, the maximum number of registered voters per precinct is 5,000.

We will recommend maximum number of consolidations to reduce election costs.

Consolidations result in reducing election official payroll costs and facility rental fees reduction.

Reducing the existing 236 precincts to a number closer to 150 would significantly reduce the \$ 1,000,000 cost per County election.

(Applicable law is available. See next hyperlink.)
